GitHub: github.com/Dannyblaq15 | LinkedIn: linkedin.com/in/daniel-lewis-739635232

PROFESSIONAL SUMMARY

Software developer focused on building useful web and mobile applications with JavaScript, TypeScript, React Native, and responsive interfaces. Experienced with API integration, Git/GitHub workflows, Vercel deployment, and turning product ideas into simple, usable applications. Currently completing Huawei Native Developer training.

TECHNICAL SKILLS

Frontend JavaScript, TypeScript, React, Next.js, HTML5, CSS3, responsive design	Mobile React Native, mobile UI, Huawei Native Developer training
Backend & APIs REST API integration, Supabase, server routes, Node.js basics	Tools & Design Git, GitHub, Vercel, VS Code, Figma, Adobe Photoshop, Canva

SELECTED PROJECTS

Wahala Tracker - Stress-Tracking Web Application

- Built a Nigerian-flavoured stress-tracking application for recording daily problems, severity, patterns, and wellbeing notes.
- Used a verified TypeScript/Next.js stack with React, Supabase configuration, Recharts, Framer Motion, and Vercel deployment.

HMS Health Connect - Mobile Training Project

- In-development training project connected to Huawei Native Developer learning; presented as training work until a public repository is available.

EXPERIENCE

Software Developer | Independent Project Work | 2024 - Present

- Develop and maintain web and mobile application projects with responsive, user-friendly interfaces.
- Integrate APIs, implement application features, debug issues, and deploy projects with Git, GitHub, and Vercel.

Software Developer Intern

- Assisted with software development, testing, frontend tasks, bug fixes, maintenance, and feature implementation.

EDUCATION & TRAINING

National Diploma (ND), Mechanical Engineering Delta State Polytechnic, Otefe-Oghara - Graduated 2022
Huawei Native Developer Training in mobile application architecture, development principles, deployment, and optimization practices.

STRENGTHS

Problem solving | Fast learning | Team collaboration | Attention to detail | Adaptability | Clear communication

CAREER FOCUS

Seeking software development, React Native, internship, junior developer, and collaboration opportunities where practical product building, clean interfaces, and steady technical growth matter.
